

SpendWise

Aakash Velusamy – 23PT01

Kabilan S – 23PT14

OVERVIEW:

The **Expense Manager** class offers a simple solution for individuals looking to take control of their personal finances. This class is designed to facilitate the organization and monitoring of expenses across various categories, such as food, entertainment, transportation, and others. Users can add new expenses, edit existing entries, or delete them as needed, ensuring their records remain up to date and accurate.

IMPLEMENTATIONS:

- Classes and Objects
- Date and Time Importing
- Lists
- Dictionaries
- Bar Graph and Pie Chart Plotting
- File Handling

CONTRIBUTION:

- **Aakash Velusamy:**
 - Expense Tracking
 - Search Functionality
 - File Handling
- **Kabilan S:**
 - Visualization Tools
 - Category Management
 - Overall Integration

KEY FEATURES:

- **Expense Tracking:** Users can track daily, monthly, and yearly expenses, enabling them to monitor spending over time and make informed financial decisions.
- **Category Management:** Expenses can be categorized for detailed analysis of spending habits and patterns in different areas of life.
- **Spending Limits:** Users can set daily, monthly, and yearly spending limits to maintain budgetary discipline, with warnings if these limits are exceeded.
- **File Data Persistence:** Supports saving and loading expenses from a file, allowing users to retain their data across sessions.
- **Interactive Interface:** Menu-driven user interface for easy navigation of features and effective financial management.
- **Visualization Tools:** Users can generate visualizations, such as pie charts and bar graphs, to better understand spending patterns across categories and time periods.
- **Search Functionality:** Offers the ability to search for expenses by date, category, or time period, allowing quick location of specific transactions.

Overall, the **Expense Manager** class serves as an intuitive and comprehensive tool for individuals seeking to gain better insight into their financial health and habits. Its variety of features and customizable options make it a valuable asset for personal financial management.
